To Whom It May Concern,

I have worked for many years with the Twin Cities Unicycle Club (TCUC) and Mary Koehler specifically. The club has rented our gym courts over these years for practice time and for hosting two national competitions in 2009 and 2014.

Our gym floors are some of the finest in the Twin Cities area. We have eight hardwood maple gyms at Kennedy High Schools and seven hardwood maple gyms at Jefferson High School. We host numerous regional and national basketball, volleyball, and badminton tournaments each year.

At no time has any of the wood gym floors been damaged by unicycle use. TCUC continues to use our gym courts and we will continue to welcome them in renting our gyms.
